

After All (e moll) (ROSA-X,M.Schirmer)

---

let it burn high and they'd

love the show

I'm sure you're afraid

and down I know

---

rather strange is the day,

down, to find a way

never change like you do

I'm afraid and blue

---

all off the wall, I knew

why after all

untrue, untrue

---

put the fling to my heart,

down, unknown

I'm a friend out of two

pure - there's no way

---

let me change like you do

sure

I'm away

---

all off the wall, I knew

why after all

untrue, untrue

chain round my soul

---

let it burn and we will love the show

I'm sure it's not real

deep down I know

---

all off the wall, I knew

why after all

untrue, untrue

chain round my soul

after all, I knew

all off the wall

i knew, i knew
