

*No Distance (ROSA-X, M.Schirmer)*

why— it takes so long to build a bridge?

no — way between - vale and ridge

why — it takes - so long to fall a- sleep?

no — memory's - in a ditch so deep

why, no, why, no

Times — move on - not so slow

no — motion shall I know

no — one has ever seen time

why — Wasting time is not a real crime?

Why the distance

oh no the distance

Why the distance

I feel the distance

why — can't I touch the moon?

One — can't begin too soon.

no — way you're - just a — kid

Don't — matter what you did

why, no, why, no

Times — move on - not so slow

no — motion shall I know

why — love and sleep await

no — time it's just too late?

Why the distance oh no the distance
