

Down on the Stream (ROSA-X, M.Schirmer)

I could sail around the world

and I would never come back home maybe — maybe

I would like to climb a mountain

but There is no reason to···for me

Memories comes back to me

and tell me no

What shall I see?

Down on the Stream

a part of my dream

hailstone rainlike train

I would like to dive a lake

But I am not in the mood for it - for it

i walked down the street tomorrow

I walked down the street a little bit-little bit

Memories comes back to me

and Tell me no

what shall I see?

Ref

I didn' t go away from here.

I didn' t go away from here — to see.

I 'll try again tomorrow

I 'll try again tomorrow maybe, maybe

Memories comes back to me
